FAQ

QUESTIONS, ANSWERED

ORDERING & PRICING

Can I print on both sides, or mix processes?

Yes. Double-sided letterpress, foil, and embossing are priced, and so are combinations that aren't on a table.

Is there anything you price after I order?

A few things need us to see the art, the die, or the material first: rounded embossing and registered sculpted embossing; letterpress, foil, and embossed liners; new custom dies; three or more scores; edge painting on die-cut items; pocket and custom envelope assembly and mounting; rush production; anything on velvet; specialty foils and foils from other companies; and papers not listed in this guide. You can still order, and your project manager prices them on your estimate.

What if I need fewer than 50?

Pricing starts at 50. You can order fewer, and the price is the same as 50.

Do you offer rush production?

Yes, on request. Depending on the job, rush orders can ship in as few as 3 business days. Get in touch to talk through current production times, options, and cost.

Do you have a sample pack?

Yes. It's $10 added to a project or $15 on its own, shipping within the US included. It has Crane's Lettra house paper samples, print method examples, and basic sizing information. It isn't credited toward a first order.

SHIPPING

How does shipping work?

Shipping is charged by the size and weight of the box at our UPS rate, Saturday delivery included. We ship anywhere in the world, including blind shipping straight to your client; on international orders, you pay any export and customs fees. Local pickup: 17891 Sky Park Circle, Suite A, Irvine, CA 92614.

PAPER & INK

Can I supply my own paper or envelopes?

Yes. Printing on your own paper or envelopes is 10% off those items. Sending items for finishing only, with no printing? That's $20.00 per item. Get in touch first so we can tell you the size and quantity to send.

Do you print on handmade paper?

We do. You supply it, and it can be letterpress printed, hot foil stamped, or embossed. There's no discount, since handmade paper takes extra press time. Ask us how much to send.

What other papers can you print on?

Almost anything we can source from our suppliers and run on press. Our most popular paper brands are on the Papers & Foils page. Have a special paper in mind? Get in touch.

Can you color match?

Yes. Letterpress inks are custom mixed to any Pantone color in the Uncoated Solid Formula Guide. To match a paper color, tell us which paper it is. If it isn't in our swatch books, send us a sample to match.

Can I come in to pick paper and ink?

Yes, by appointment. Get in touch to set one up.

STORAGE

Do you keep plates and dies?

We keep letterpress, foil, and embossing plates for 1 year on wedding and event work and 2 years on recurring items like business cards and greeting cards. Cutting dies are kept for 2 years. Want your plates? We'll ship them with your order. We don't store digital artwork.

Your vision. Our craft.
